

Topcon Technical Xperience 2026

Registration instructions

November 9-12, 2026

2026 Registration process

The 2026 Technical Xperience event features three concurrent training tracks. Each attendee may register for one track only. To begin the registration process, visit the [Training Portal](#) and reference these important step-by-step instructions.

Step 1: Purchase your track

Select and purchase the course associated with the track you plan to attend:

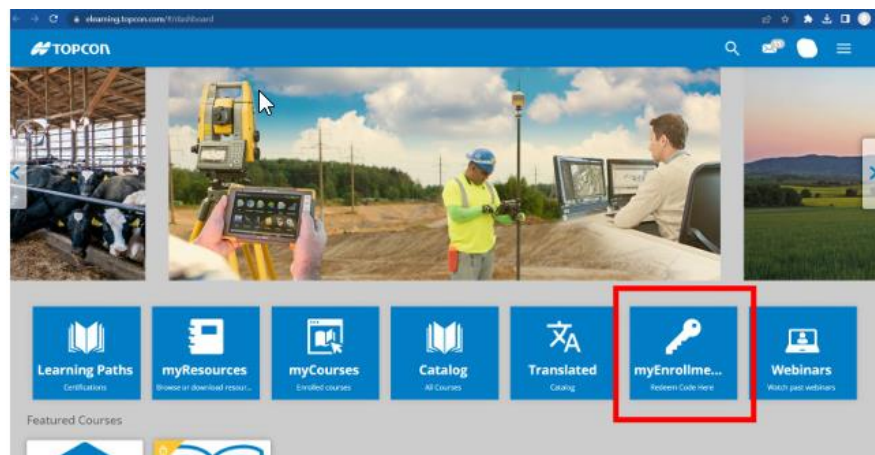

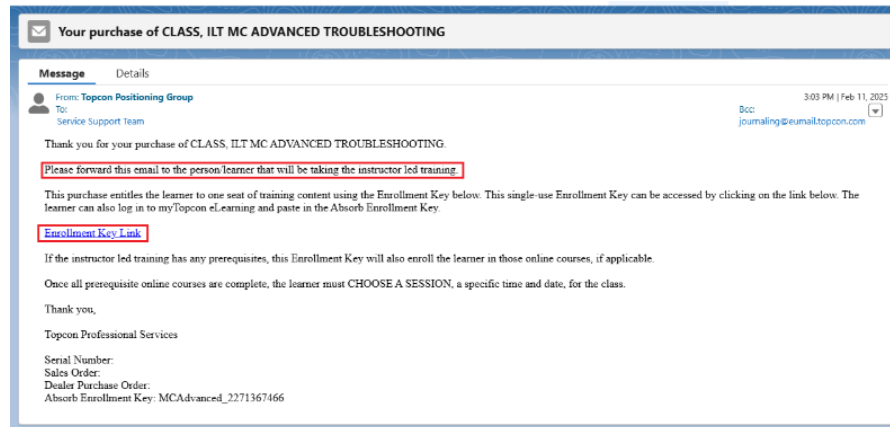

- 1067078-01 – Earthworks
- 1067080-01 – Paving
- 1067079-01 – Geo

Purchase options:

Courses can be purchased using one of the registration methods below.

A. Purchasing through BizHub

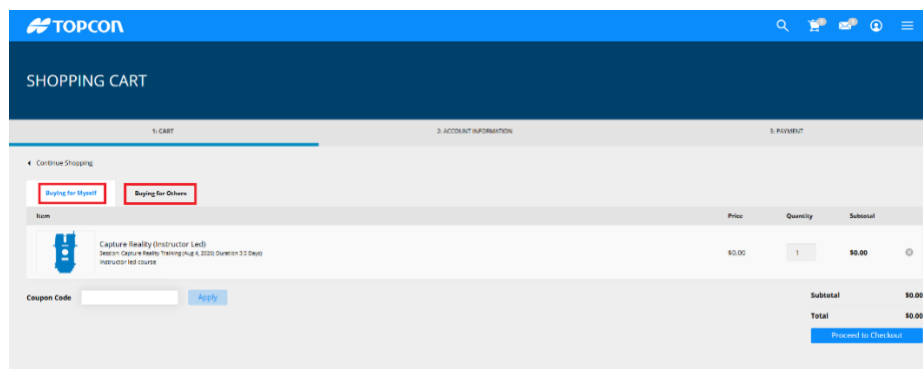

- Purchasers can buy multiple courses in a single transaction.
- After purchase, the purchaser will receive an email containing Enrollment Key links for the purchased courses.
- The purchaser must share the appropriate Enrollment Key with each student.
- Students should visit the Training Portal and select **My Enrollment Key**. They can then:
 - Enter the Enrollment Key manually, or
 - Use the Enrollment Key link provided in the email.

Example of the process detailed above

B. Purchasing through Absorb

- When purchasing through Absorb, be sure to select the appropriate option:
 - Buying for Myself
 - Buying for Others

Step 2: Complete after-purchase action items

The purchaser will receive a confirmation email that includes:

- Confirmation of the course purchase
- Links to any required prerequisites
- Instructions for completing registration
